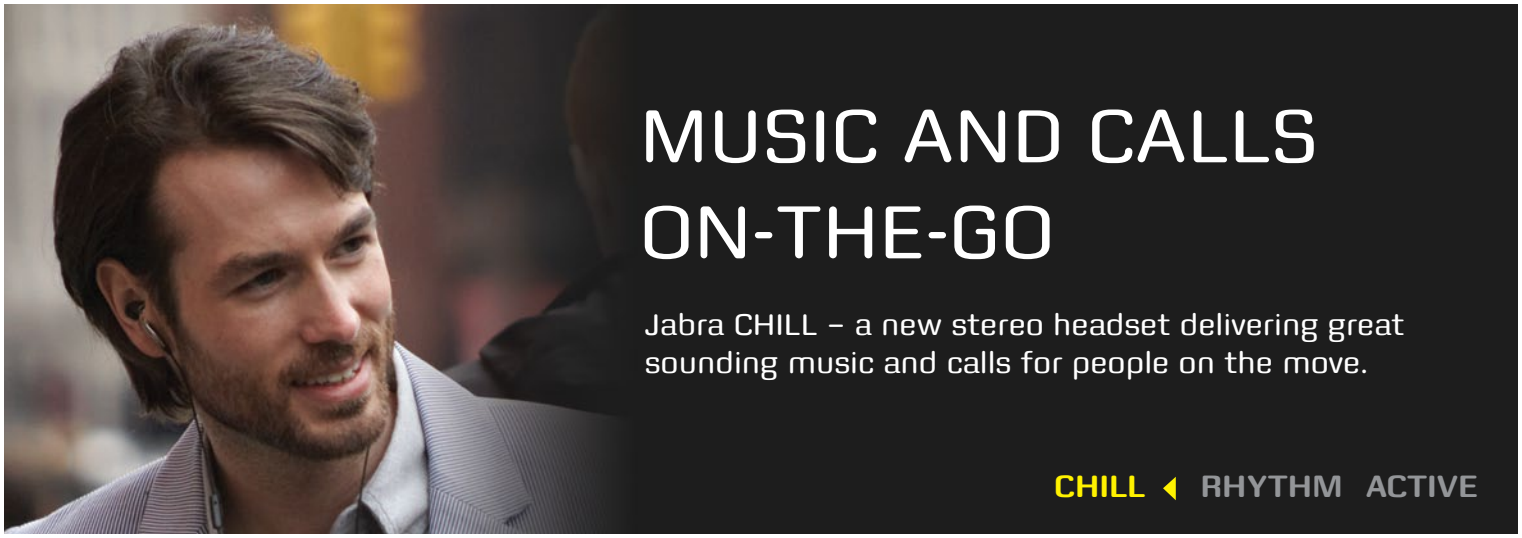
Jabra Universal Corded Stereo Headset*

DATASHEET



MUSIC AND CALLS
ON-THE-GO
Jabra CHILL – a new stereo headset delivering great sounding music and calls for people on the move.
CHILL RHYTHM ACTIVE

Comfort 2 Go

Jabra CHILL is our new stereo headset delivering great sounding music and calls for people on the move. CHILL is designed for all-day, all-situations use. It features Jabra's unique, soft and flexible Ultimate-fit Eargels™, which lock effortlessly into the contours of your ear, providing a comfortable and secure fit.

Jabra CHILL is part of Jabra's new corded stereo headset family, which consists of three unique headsets tailored toward people on the go, music lovers and sports users. Our aim is to give customers unmatched value by offering the ultimate balance between sound, comfort and design in each category.

Each headset features earphones ergonomically designed to follow the contours of the ear – they look great and they offer a comfortable fit that stays securely in your ear. Sound quality is crucial in this range and Jabra products offer vibrant stereo music and clear, crisp calls.

Our portfolio includes a unified control box that allows users to conveniently skip tracks and answer calls from their microphone**. The headsets all feature a 3,5mm gold-plated plug, ideal for the transmission of premium music quality and a perfect companion to your smartphone (eg iPhone, Blackberry), MP3 player or computer.

Note: Please only use one headphone while driving

Reasons to choose the Jabra CHILL

- Secure, comfortable fit
- Rich sound
- Mic with Answer/End Button**

* Compatible with all phones that use a 3,5mm plug.
** Phone dependent. Compatible with iPhone™.

Quick Start Guide

Answer/end calls and skip tracks* conveniently via your microphone

Tap the answer/end button on your mic:

1 x to answer/end your call*

2 x to skip tracks*

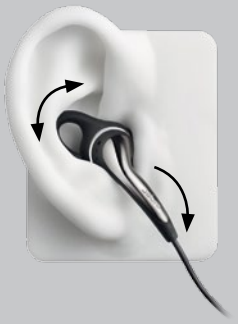
3 x to rewind*

Connect your headset with your smartphone

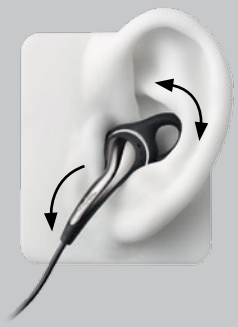
Make sure that the plug is securely connected to your phone.

Ensure perfect comfort and sound flow with your headset

Great sound in a headset depends on quality speakers and a perfect, secure fit. The headphones are ergonomically designed to specifically fit either your left or right ear. For optimal comfort and sound, make sure that you put the headphones in the correct ear.



Right headphone ergonomics



Left headphone ergonomics

* Phone dependent. Compatible with iPhone™.
